

# INVENTORY

*Please have a quick look through this inventory. It tells you where in the flat certain items can be found, such as hairdryer in the dressing room wardrobe, and may save you some valuable holiday time!! It also has (against some items) additional information which might be useful, for example, where to find the instruction manual for a particular appliance.*

*With this inventory you will find **in bold** the cost of replacement of some of the most commonly broken/damaged individual items. These prices represent the amount which **may** be deducted from your deposit in case of damage or loss. Damage or loss of other unpriced items will be assessed at the time. We would prefer you **not** to try to replace any broken items yourself (particularly glasses and chinaware) as these often form part of a set and we do carry spares.*
